

# Curved Post Circle Overhead Swinging Ring Ladder

Meets National Standards for: ✓ ASTM F1487-17 ✓ CPSC Guidelines #325

## Product Description

Climb up, down, and sideways with the Curved Post Circle Overhead Swinging Ring Ladder. This piece of equipment has a multitude of ways it can be scaled. Fixed, overhead climbing bars are available in the center of the unit. Children can shimmy across the straight bars or the circular post in the middle. Need more of a challenge? Try the swinging ring handles. They are made to swing back and forth, adding a more thrilling encounter to the experience. Kids can sway and use the momentum to move on to the next handle, encouraging hand-eye coordination and depth perception. At the same time, kids will be boosting arm, forearm, and grip strength. Children can also climb up the rungs on the support posts on the edge of the structure. Kids will learn how to problem solve as they traverse across the various climbers. This unit will be sure to keep kids busy and active. Multiple colors are available for this structure. Talk to one of our consultants for more information.

## Product Specifications

**Age Range:** 5-12 years

**Child Capacity:** 8-15

**Fall Height:** 96"

**Post Diameter:** 4.5-inch

**Product Type:** Get Physical

**Safety Zone:** 22' 4" x 22' 4"
